

**The Great Race comes to RI ...** Four of our intrepid members made their way to Warwick, RI to witness the gathering of the Great Race sponsored by Hemmings and others. The race (not a speed event but more an endurance event) featured 130 cars on a trek from Warwick, RI (Rocky Point Park) to Fargo, ND. Dave, Tom, Merrill, and Sonny checked out all the cars. Dave took over 100 photos for us to look at. They are all uploaded on our website. You will find them under the Events menu and can also access them by clicking on the Packard Woody featured on our home page. Check out car 128 to the right!

### **Steam and Cars Do Mix in E. Greenwich**

The New England Wireless & Steam Museum held a successful Cruisin' Bruce event on June 11. The sponsor was Roger Williams Auto Sales of West Warwick. About 80 cars showed up and six of those cars were driven by our members. They enjoyed a beautiful day and unlimited access to all museum exhibits which included guided tours. There was a food truck and an ice cream van. To right: Museum event organizer Thelissa Snow with Cruisin' Bruce.

**Work on Orient & Metz ..** George King III's continuing series on the restorations he is working on has been sent to members as a separate e-mail. It has plenty of closeup color photos and explanations of repair techniques. Look for it in your In-Mailbox.

## Washington County Fair,

Wednesday, Aug 17, 2022. Washington County Fair, 78 Richmond Townhouse Rd, Richmond, RI 02812, USA ([map](#))

We will likely be invited to appear at the Washington County Fair on the first day, Wednesday. Ring 1 was our place last year and hopefully will be for us this year too. You should expect to arrive at the fair no later than 9:30 am so we are all set up by 10:00 am. Remember that you can get stamped on your hand and return later at night for no charge. In the past we have met at the old Benny's parking lot in Westerly and traveled from there. It is a 30 minute ride. That would make a 9:00 am meeting time. You can also drive directly to the fair if that is faster for you. We usually pack up by early afternoon. This is a paid event and provides funds for our club.
